Residents and business owners have invited DDOT to hear issues that have arisen since Bus/Bikes were installed on Columbia Rd. in Adams Morgan. Neighbors and Businesses, Have you been impacted by the changes in the bus stops, less parking, inability to get picked up or dropped off in front of your building or inability to get deliveries made to your business? This will be an opportunity to speak directly to DDOT and share experiences. DDOT will be given an opportunity to respond at the end of the meeting.

Photographs to accompany testimony can be part of the presentation to DDOT, if you would please email them

directly to Nancy Shia
at nancyshia@yahoo.com 202-907-1689.
